# A New Wave

Piccione Architecture & Design renovated and decorated this Shelter Island, New York, home for a young family. In the living room, 1960s armchairs from John Salibello Antiques and a 1953 Finn Juhl settee face a glossy cocktail table and matching stools by Vittorio Serio from Cristina Grajales Gallery; the throw is by Hermès. The mantel showcases a Harry Bertoia sculpture, flanked by vintage FontanaArte sconces from Fred Silberman, while the side table in the foreground, made by Philip and Kelvin LaVerne for Aristotle Onassis, is from Liz O'Brien; the brass door fittings are by Rocky Mountain Hardware. For details see Sources.
